The CPRE Foundation Level 3.0 is coming ...

During
- 13 years of CPRE success story
- More than 51,000 FL-certified professionals worldwide

The world has moved on:
- Working approaches - plan-based, agile - have changed.
- New technologies have evolved.

Requirements Engineering has not lost any of its importance, but it must fit as best as possible into the new working approaches in order to provide maximum benefit.

The new CPRE Foundation Level 3.0 is IREB’s answer on this demand.
